AGENDA

Monday, 26 February 2018

Venue: Aula Marrama – 6th floor – Faculty of Economics, Via del Castro Laurenziano, 9 - Rome

15:00-17:00 Seminar on "Why and How Do You Think You Can Help to, Accelerate the Transition to Equitable, Sustainable, Liveable, Post-Fossil Carbon Societies?"

Tuesday, 27 February 2018

Venue: Aula Marrama – 6th floor – Faculty of Economics, Via del Castro Laurenziano, 9 - Rome

11:00-14:00 Workshop on "Learning How to Plan, Write, Revise and Publish Top Quality Papers for Top Quality Journals" with Prof. Anastasia Zabaniotou

Instructions for the Workshop

- ✓ Students are asked to bring to class a hard copy of two different top-quality, published documents from peer reviewed-journals;
- ✓ Bring also a USB memory stick to get power point presentation and other documents;
- ✓ Please, email to Prof. Huisingsh (dhuisingsh@utk.edu) and to Prof. Anastasia Zabaniotou (azampani@gmail.com) a short paragraph on your background and interests, something about your current research focus, and a list of questions you wish for the Professors to address in the lecture and workshop.
- ✓ They will also be available to speak with you individually or in small groups after the manuscript writing workshop.

Donald Huisingh is a retired Senior Scientist in Sustainable Development at the University of Tennessee in Knoxville, Tennessee, U.S.A.

Prof. Huisingh is skilled in interdisciplinary education and holistic approaches to defining and solving society's problems so that effective and equitable progress can be made toward Sustainable Societies. He is skilled in course and curriculum development in topics ranging from Sustainable Development and Regional Sustainable Development, to more detailed issues such as: Impacts of Climate Changes, Cleaner Production, Toxic Use Reduction, Life Cycle Thinking, System's Thinking Industrial Ecology, Circular Economy, Pollution Prevention, Eco-efficiency and Eco-effectivity.

Prof. Huisingh is the Founder and was the Editor-in-Chief for the first 23 years of its publication. He is now Emeritus Editor, of the JOURNAL OF CLEANER PRODUCTION, which is an Elsevier Science Publication, that is being published for the 26th year of publication. It's 2016 Impact Factor is: 5.715; (<http://ees.elsevier.com/jclepro/default.asp>).

He is also co-founder and member of the editorial board of "The International Journal of Sustainability in Higher Education," an Emerald Press Publication that is now in the 17th year of publication.

He is co-founder of the Erasmus International Off-Campus Ph. D. Program in Cleaner Production, Cleaner Products, Industrial Ecology and Sustainable Development, which is now in its 24th year in Erasmus University in Rotterdam, The Netherlands.

He is among the founders of the International Institute for Industrial Environmental Economics (IIIEE) of Lund University, which now teaching its 25th group of M. Sc. Students. He has taught, part-time in each of the 25 years of the IIIEE's classes.

He has worked in universities, governments and Industries in 80 countries, since receiving his Ph.D. from the University of Wisconsin in June 1965.

Prof. Huisingh is currently the:
Saipem International Professor
Department of Engineering Management
POLITECNICO DI MILANO
